

**Bram FJ van Alphen**  
**Director**

**Bram van Alphen is an award-winning director from "The Lowlands. His signature is rooted in his media design background, but his love of street photography, cinematography and close observation of human life became the stronger hand. Bram loves to dig to the core of an idea and work with the essence of sensitive, human emotions.**

**A rather personal music video for Haevn recently reflected this perfectly and therefore unsurprisingly won the award for best direction at the DCA. Ads like NPH or Dutch Armed Forces prove his ability to capture pure realism and add a surreal poetic note to it. Both also earned him the award for best director.**
